

# Sound Document

Sound Effects: The sound effects will include sounds of button clicks and level ups in the game. There will be lose sound played too.

Music: The music in the game will have three different sounds for the main menu – upbeat city music, gameplay – busy city sounds of Joburg and tutorial state – a simple mixture of sounds to show the difference in gameplay sound and tutorial.

Other Audio: these will include the sound of the truck as it drives around.

Some of the audio file formats include:

Wav- A Raw wave format that is not compressed.

Mp3- A popular compressed format that enables that is widely used.
